OBJECTIVE

Motivated IT graduate with hands-on experience in technical support, web development, and system administration. Currently serving as an ICT Intern at Ntinga OR Tambo Development Agency, providing first-line support, troubleshooting systems, and developing web solutions. Skilled in Microsoft 365, networking, and full-stack development. Seeking an opportunity to contribute technical expertise in a dynamic IT environment.

EXPERIENCE

Ntinga OR Tambo Development Agency — IT Intern

Mar 2026 – Present

- Provide first-line IT support for hardware, software, and network issues.
- Assist users remotely via AnyDesk to diagnose and resolve technical problems.
- Install, configure, and maintain computer systems and applications.
- Troubleshoot hardware/software faults efficiently.
- Support network connectivity, printers, and user access management.
- Assist with Microsoft 365 services (Outlook, Teams, SharePoint).
- Perform system updates, backups, and basic security checks.
- Design and develop websites using HTML, CSS, and JavaScript.
- Maintain and update organisational web content.
- Manage IT asset inventory and technical documentation.

Deviare (PTY) LTD — IT Intern / Technician Support

Oct 2024 – Sep 2025

- Designed and developed interactive web applications using HTML, CSS, and JavaScript.
- Collaborated in Agile development teams on real-world projects.
- Developed backend functionality using Java, Spring Boot, and Node.js.
- Worked with databases including MySQL and Oracle Apex.
- Gained exposure to cloud and DevOps tools such as AWS, Docker, and Jenkins.
- Installed, configured, and maintained laptops, desktops, and printers.
- Provided first-line support for hardware/software issues.
- Assisted with network troubleshooting and connectivity checks.
- Supported Microsoft 365 applications and user account management.
- Documented IT processes and maintained asset records.

Department of Social Development — IT Intern

Sep 2023 – Aug 2024

- Supported Windows 11 upgrades across user devices.
- Installed, configured, and tested operating systems.
- Performed secure backup and restoration of user data.
- Provided technical support via phone, email, Teams, and walk-ins.
- Used SCCM tools for remote system upgrades.
- Logged and tracked support tickets using SAP system.
- Installed and configured hardware (laptops, desktops, printers).
- Performed network troubleshooting and cabling (fibre, Ethernet, RJ45, RJ11).
- Provided onsite and remote technical support.
